Plastic Transparent Sheet For Roof Excellent Anti-corrosion Performance

The products resist various acids, alkalis and peroxides, especially suitable for application in the coastal areas and corrosive places.

Superior Light Transmission

It is between 60-85%. Light through FRP lighting sheet scatters and is mild. It will not form a light band so as to make the indoor brighter.

High quality

Relative density between 1.3-2.0, only carbon steel 1 / 4-1 / 5, the tensile strength is close, even more than carbon steel, and the specific strength can be compared with the high alloy steel. FRP load test, invited a weight of about 80 kg of men standing on the span of 130 cm of the Fiberglass clear roofing sheet , the test successfully completed. The test proves that the quality of FRP tile meets the national standard.

Weather fastness, ageing resistance

Clear corrugated plastic roofing sheets long exposure to the atmosphere, the sun radiation, the product integrity, no deformation, the useful life of up to 10years.

ZXC is premier China translucent fiberglass roofing sheets Supplier, offering customized solutions at competitive prices. As a leading PVC translucent sheet roof and FRP sheets manufacturer, we take pride in providing high-quality products that are resistant to various acids, alkalis, and peroxides, making them ideal for coastal areas and corrosive environments. SIX REASONS “ TO CHOOSE US

Iron tiles can be directly covered

*sound
insulation*

*Anti
-corrosion*

insulation

*High
temperature
resistance*

*anti
-stress*

“ SIX PROPERTIES ”

Good quality and low price. Quality assurance, trustworthy

01 High temperature resistance, frost crack resistance

The product is a solid molecular material, and the operating temperature is -40°-120°

02 Strong bearing capacity, more impact resistance

Add high quality glass fiber

03 Iron tiles can be directly covered

Exclusive research and development technology, more cost-saving.

04 Impact resistance

Shock resistant, not easy to break

05 Good flame retardant performance

Maintain stable performance in the temperature range of -40° - 120° without softening

Our Factory

Zhongxingcheng New Material Co., Ltd. is a manufacturer based in Foshan City, Nanhai District, China. We specialize in producing a variety of roofing materials, including ASA synthetic resin tiles, APVC anti-corrosion composite tiles, PVC anti-corrosion tiles, PVC sinks, PVC plates, PC transparent tiles, and are a leading FRP Corrugated Sheet Supplier in China.
