1. Lasting Color

ZXC ASA roof tile is coated with ASA on surface and PVC on bottom, it is stable when exposed to chemical agents such as industrial emissions, fog, salt, acids, alkali etc.

5. Excellent heat preservation and insulation performance

ZXC ASA roof tile is coated with ASA on surface and PVC on bottom, it is stable when exposed to chemical agents such as industrial emissions, fog, salt, acids, alkali etc.

2. Excellent Anti-load Performance

After testing, with a support distance of 660mm, loading 150kg, the roof tile will not crack and damage.

6. Fire Proof Grade B

Difficult to burn, the fire proof level can reach Grade B and meets the common safety requirements in most areas.

3. Good Sound Insulation

Has good noise absorption performance when it is affected by external noise such as heavy rain and wind.

7. Excellent Insulating Property

ASA synthetic resin roof tile is an insulation product, and it will be intact in case of accidental discharge.

4. Excellent anti-corrosion performance

After soaking for 24 hours in salt, alkali and 60% of various acids. It is very suitable for using in acid rain areas coastal areas, and the effect is particularly remarkable.

7. Quick Installation

ASA synthetic resin roof tile has an effective width 960mm and high paving efficiency, light weight, easy loading and unloading, and with complete installation accessories.

Company History Timelines

2015

Expanding the production scale, owning 4 production lines, passed certifying of ISO9001: 2008 quality management system

2016

- Foshan ZXC plastic manufacturer was upgraded as Foshan ZXC New Material Technology Co., Ltd. The new facilities in high level have been completed and launched for mass production, covering an area of 15,000 square meters owning 8 production lines with annual output of 4,500,000 square meters. We were also successfully selected as CCTV brand show

2017

- Selected as member of National Union of Resin tiles, taking part in working on the national standard on the ASA roofing tile sheet

2018

- Honored as Vice-president of the Roof tiles Committee of China Association for the Circulation of Building Materials

2013

- Expanding the production scale, owning 3 production lines, successfully searched ASA synthetic resin tile, 980 high wave plastic tile and launched to mass production

2010

Foshan ZXC plastic manufacturer was set up and the 1st production line was formed

- Expanding the production scale, built the 2nd production line

The Project

Foshan ZXC New Material Technology Co., Ltd is a professional manufacture for ASA Synthetic Resin Roof Tile, PVC Anti-corrosion Roof Sheet, APVC Plastic Roofing Sheet, UPVC heat insulation Roofing Sheet, Fiberglass Transparent Roof Sheet, PC clear roofing sheet, PVC Rain Gutter and Accessories.

We are located in Xiebian industrial area, Danzao Town, Nanhai District, Foshan City, Guangdong Province, China. We have 8 produce line, about 200 employee, Plant covers an area of 15000 square meters.

Welcome to contact us!

We are adopt advanced production equipment and technology we talk the rigorous science, green low-carbon production philosophy and humane management as the core.

We own good software and hardware facilities and obtained ISO9001:2008 international quality system certification as well as CE certification.

Create industry brand, build a beautiful home, Good quality, Good service. It's our sales philosophy
